DISTRICT ATTORNEY HYNES ASKS:  
"If women can go out and commit murder and juries will not convict them, what is there to be done? The prosecution has done its best in this case. Once a woman kills a person, there is a hue and cry that she is insane. Then she goes into court and is acquitted. Why arrest them at all?"

MRS. MILLIE DROWN SAYS:  
"I can hardly collect my thoughts now. I only know that that terrible trial is over. I expect to go away where I can rest and recover my strength. I cannot talk now."

## FINAL TOLL BATTLE IS ON IN HOUSE

### INTEREST IN VOTE IS KEEN

Administration Expects  
Majority of 75 for  
Repeal

Mann and Clark Make  
Strong Opposition  
Speeches

WASHINGTON, March 31.—At 4 o'clock this afternoon the House fight over the Panama tolls exemption was in its last stage with prospect of a final vote about 6 p. m.

Speaker Clark was then on the floor making his speech and Democratic Leader Underwood was in the chair.

With the majority leader wielding the gavel and the speaker standing in the well of the House bowing to the plaudits of his followers and the Republican side en masse, the long debate was brought to a drastic close.

In an atmosphere of tense excitement the struggle in the House over President Wilson's proposal to repeal the Panama tolls exemption was today closed to its last stage.

A full attendance on the floor and a throng of anxious spectators such as the House has seldom seen in the galleries waited for the concluding verbal battle and the deciding vote which was expected late this afternoon or early tonight.

Republican Leader Mann spoke, and Speaker Clark was on the program in opposition, and Representative Sherley and Cornington for the administration.

Leaders on both sides worked feverishly on the floor and in the cloak rooms and the whips reported several changes in the lineup, although the changes generally balanced. The administration supporters confidently claimed the repeal bill would pass by a majority of from sixty to seventy-five.

CHEER DEBATE OPENING.  
Cheers and applause greeted the opening of the day's debate. When Representative Humphrey, Republican of Washington declared that but for an injustice the great and patriotic speaker of this house would today be occupying the White House, the galleries joined the floor in a round of applause.

Representative Thomas, Democrat, and Representative Keating, Democrat, favored the bill. So did Representative Slayden, Democrat, of Texas. Representative Kent of California, Independent, agreed with the President that exemption was a subsidy.

Representative Atney of Pennsylvania, Republican, assailed what he called the efforts of the President to usurp the functions of the legislative branch of the government.

While Atney spoke, in speaker's gallery, where Mrs. Clark and Miss Genevieve Clark and a party of friends were seated, a large lunch box, loaded with sandwiches and fruit, was produced and passed around.

URGES FAIRNESS.  
Mann got an ovation from the galleries and the Republican side of the House as he concluded:

"The President does not know how to deal with matters of greater delicacy and of greater importance in our foreign relations. I can tell him. If he will deal with all the world on a par with the rights of the American people, he will have the support of all parties and of all peoples in this country, holding up his hands, and all the powers of earth will not dare touch him."

Another long list of members was given leave to print speeches in the

### Arrest 11 Settlers For Conducting 'an Open Frontier Town'

SAN BERNARDINO, March 31.—Combined posses of San Bernardino and Riverside counties swept down upon Blythe Junction, a desert settlement and arrested eleven of its twelve male inhabitants, including the postmaster, David Moreno. Blythe Junction, important as a relay station on the stage road to Blythe, has always been a no-man's land, because no survey ever has been made to determine whether it is in San Bernardino county or Riverside county. In consequence it has been a safe haven for law-breakers. The men arrested today were charged with having conducted "an open frontier town."

### TAKES LIFE BY POISON AND GUN

Wealthy Merchant and  
Athlete Has Tragic  
End

BURLINGAME, March 31.—James Long, rich member of the Olympic Club's boxing team, proprietor of Long's Market, was found dead in his home near Burlingame this morning. He was found by a neighbor who entered his home to take a dose of poison and then shot himself with a rifle. Mrs. Long ran to neighbors who summoned Dr. Baker from Burlingame, but the Olympic had died before medical aid could reach him.

The cause of the suicide is blamed on a blow which he received about a week ago in a boxing bout in Los Angeles. He was knocked out in a round and when he returned, was morose and a changed man.

Long was classed with the heavyweights in the Olympic team of boxers. He was 30 years old, and leaves a wife and two children.

WELL KNOWN MERCHANT.  
There had always resided in San Francisco, where he conducted Long's store at 931 Market street, and subleased stalls in Spreckels' Market. Recently he leased the country home of H. R. Williams, of Crescent and Howard streets, Burlingame, and moved into it with his wife and children.

His father was notified of the suicide shortly after it occurred and left immediately in an automobile for Burlingame. He could give no reason for the act. Long was considered a wealthy man and took up boxing as a pastime because he was fond of the art. He was in no sense a professional, but an amateur and was rated as a clean, fast boxer.

Weyerhaeuser, Lumber  
King, Critically Ill

LOS ANGELES, March 31.—Frederick Weyerhaeuser, the Minnesota multi-millionaire lumberman, who has been ill at his winter home near Pasadena for a week, was reported in a critical condition early today. His condition grew worse last night and it was feared he would not recover. Oxygen is being used to prolong life.

Weyerhaeuser was prostrated with a severe cold last Wednesday, when signs of pneumonia were noted. At that time physicians reported him much improved and declared there was no cause for alarm. Yesterday the acute lumber king talked to his two sons, Charles and Frederick, who arrived from St. Paul, Mrs. S. S. Davis and Mrs. L. Hill, daughters, are hurrying to the bedside from the east.

Lightning Strikes  
Steamer at Sea

EVERETT, Wash., March 31.—A lightning strike struck the steamer Hornet, from San Francisco, while she was at sea, following the lightning into the pilot house. All the compasses were disarranged and for three days, while a storm raged, Captain Marvin felt his way northward by occasional glimpses of the shore line as a guide. The Hornet arrived in port today.

### SALVATION IN FEDERAL RULE?

Sir Edward Grey Urges  
New Government for  
Britain

Suggestion Is Received  
With Profound Attention  
by House

LONDON, March 31.—Establishment of a federal system of government for the British Isles was suggested to the House today by Sir Edward Grey as a solution of the home rule difficulty. The suggestion was received with great attention by the house, which was engaged in debate on the second reading of the Home Rule bill.

"I believe," said Sir Edward, "that if our present difficulty is not solved by the introduction of a federal system, the country will go under through the sheer inability of parliament to transact its business."

He said that the ministers were not prepared to make any concession beyond the six years' extension of the Ulster counties from the operation of the bill offered by Premier Asquith. "The country," he said, "must settle the question at the end of that time. Meanwhile the question of the coercion of Ulster cannot arise until after a general election, but if there are sporadic outbreaks in that province force must be used and if an attempt is made to set up a provisional government and defy the imperial parliament the army must be used."

TELLS OF GRAVE PROBLEM.  
"If there had been a general election last week, it would have been on a much graver issue than home rule. If the army had taken active steps in politics the country would have faced a graver problem than that of the six years' extension."

"If there is any question raised of government by parliament without interference, I myself take a stand as firm as that of any labor member."

Sir Edward suggested the resumption of conferences between party leaders in order to see whether a settlement could not be reached on the basis of establishing a federal system for the whole country before the end of the six years' extension of the government in its offer to Ulster.

New Civil Service  
Commissioner Named

The appointment of Roscoe E. Jones, a young Oakland attorney, to the position of civil service commissioner, was made by Mayor Frank E. Moss this morning and confirmed by the city council. Commissioner John Forrest voted against the ratification of the appointment, as he had urged the appointment of a labor representative.

Jones has been a practicing attorney in Oakland since 1906. He is a graduate of the College of Law of the University of Michigan. The term is for almost six years, as Jones will serve the unexpired term of the late L. N. Cobblestick, who was reappointed for six years last August.

MRS. MILLIE DROWN, acquitted of charge of slaying husband.

## DEFENDANT SWOONS IN COUNSEL'S ARMS

Jury Deliberates but Twenty Minutes  
on Verdict Freeing Woman  
Accused of Slaying

HERE IS DROWN CASE JURY:  
Charles C. Adams, 832 Buena Vista avenue, Alameda.  
Carl Berlin, 3554 School street, Berkeley.  
Charles E. Carlton, 2622 San Pablo avenue.  
Thomas Egan, Altamont.  
F. J. Garcia, Milpitas.  
H. P. Jensen, Mount Eden.  
C. Mosley, 3783 Emerson street, Alameda.  
A. E. Olson, 1729 Sixth street, Berkeley.  
A. E. Parker, 2936 Schuyler street, Berkeley.  
George W. Randall, 2241 Rose street, Berkeley.  
Hans F. Sorenson, 168 Moss Ave.

MRS. ELIZABETH AMELIA DROWN was found not guilty today by a jury that deliberated but twenty minutes. The verdict was returned at 12:45 after the jurors had been out exactly one-half hour. "Not guilty because of insanity," was the verdict in full.

Mrs. Drown collapsed as Foreman Adams read the verdict. She cried out and swooned into the arms of her counsel.

At 12:35 the jurors announced that they were ready to report, when Bailiff Jones entered the room to ask if they would retire for lunch.

The courtroom crowd which had been present in the morning had thinned out and there was only a scattering of people present when the verdict was brought in.

When the jury announced that it was ready to report Mrs. Drown, who had been taken back to the county jail, was brought into court by Matron White. She sobbed convulsively and took her seat at the counsel table.

After five minutes of subdued excitement in the courtroom Mrs. Drown was led away by Attorney Peter Crosby, Attorney John F. Lester and several women friends. She was taken away from the courthouse in an automobile.

There was practically no disturbance from the spectators as the verdict was rendered as Judge Ogden admonished them that the courtroom must be kept quiet no matter what the verdict should be.

After the verdict had been recorded the women, fifty or more in number, rose from their seats and surged about the courtroom.

WOMEN KISS HER.  
It was several minutes before she was composed sufficiently to speak a word. The women spectators crowded about her, kissing her on the cheeks and hands, and she had to remain behind for some time before the courtroom was cleared.

By the verdict Mrs. Drown is acquitted of the murder of her husband, Archer C. Drown, whom she shot in their Rand avenue home on October 24 last. She has been on trial since February 24.

REFERS TO DRAMA.  
District Attorney Hynes, in winding up his argument, shortly before noon today, denounced the prevailing public sentiment regarding crimes committed by women. He referred to several dramas which have been running in the theaters, to the advertisements of them upon the billboards, which he said were there with the purpose of creating a sentiment against capital punishment. His words, which denounced the cringing defendant in the present case, were of such striking effect that in the midst of his denunciation, Mrs. Drown cried out aloud and shrank trembling into the arms of Attorney Peter Crosby and Matron Hattie White of the county jail, who sat beside her.

EXAMPLE TO OTHERS.  
"Now we get to the seriousness of this case," went on the district attorney, "it is not to inflict punishment, but to bring about a deterrent effect and to set an example to others that it

## SPOTT IS ON TRIAL MUST HOLD RECALL BATTLE CONTINUES

Oaklander Faces Girl Accuser  
in San Francisco  
Court.

SAN FRANCISCO, March 31.—Paul A. Spott of the Oakland plumbing firm of Spott Brothers was placed on trial in Superior Judge Lawlor's court today on a charge of felonious assault, preferred by Ida Pearrington, 17-year-old daughter of Dr. M. J. Pearrington, of this city.

The complaining witness, attired in a blue silk dress with a hat to match and looking as though she had completely recovered from her recent nervous prostration, sat in the front row, and the attention of the spectators was divided between her and the beautiful wife of the defendant, who occupied a chair within the enclosure reserved for counsel on the opposite side of the courtroom.

Mrs. Spott wore a tan suit with brown trimmings. She appeared bright and gay and evidently hopeful of the outcome of the trial. The aged mother and father of Spott were also in attendance.

The Pearrington girl sat between her mother and younger sister, while her father occupied a seat on the aisle.

GIRL TO BE WITNESS.  
Miss Lillian Sullivan, who was one of the party of New Year's Eve revelers, which included Miss Pearrington, Walter J. Gilligan, a salesman, and Maury I. Diggs, former state architect, both of whom are similarly charged with Spott, will be an important witness.

The trial of Diggs and Gilligan has been set for next month.

Miss Pearrington at the Holland Hotel on New Year's Day. She claims that he threatened her life if she made any disclosures or told of the presence of Diggs or Gilligan with her.

Spott is being represented by Attorney George Appel. The work of obtaining a jury was begun at 10:30 a. m. Assistant District Attorney Cunha questioning the witnesses for the prosecution.

Court Denies Petition for Order  
Restraining Certification  
in Alameda.

There will be a recall election in Alameda, and the merry war, commenced in the Encinita city when the two factions of the city council refused to get along harmoniously, can now be fought to the bitter, or satisfactory, end, so far, at least, as the Superior court is concerned.

Sitting on the bench in Department Three this morning, Superior Judges W. H. Donahue, T. W. Harris, E. J. Brown and W. H. Waste denied the petition for a restraining order against City Clerk Bosshard seeking to prevent the certification to the council of the signatures on a recall petition directed against the majority members of that body. The petition was taken into the Superior court by Attorneys E. K. Taylor and W. A. S. Nicholson, representing Councilmen Morganstern, Roth, McFarlane and Stewart, the five against whom the recall is directed.

PETITIONS PROMPTLY DENIED.  
Appearing for the proponents of the recall today was Attorney Henry G. Tandy. He was backed up in court by Councilman Frank H. Bartlett, a minority member of the council. Their contentions held good throughout, and with the denial of the petition for a recall.

Dredger Brings Up  
Dimes and Nickels

A mine was discovered today by the dredger crew working on the municipal dredger, and the matter was brought before the city council today by Commissioner of Public Works Harry S. Anderson. The question was raised as to whether the dredger should not be converted into a hydraulic mining apparatus.

The dredger was at work on the old Franklin street slip, clearing the channel to the estuary. When the work was done the workmen were taking the pipe

Villa Believed to Be Meeting  
Fierce Resistance at  
Torreon.

JUAREZ, Mexico, March 31.—At noon today a single line stating that fighting continued at Torreon was received by rebel officials here. A rumor that an armistice had been agreed upon was denied.

WASHINGTON, March 31.—The Mexican embassy here received the following messages from the foreign office in Mexico City:

"Torreon has not fallen and the government is quite confident that it will not fall, according to the latest reports received by the government from the front."

BATTLE STILL ON?  
CHIHUAHUA, March 31.—While officials here are optimistic as to the outcome of the battle of Torreon, they said today that the absence of official reports indicates that General Villa is meeting with stubborn resistance.

The telegraph office is awaiting telegrams addressed to Gomez Palacio in care of General Villa, but thus far none addressed to newspapersmen have been replied to.

"HOUSE-TO-HOUSE" FIGHT.  
JUAREZ, Mexico, March 31.—The only information available here early today was that fighting continued at Torreon. Rebel officials said that the main battle for the town was fought at Gomez Palacio last week. Losses there were heavy on both sides. Officials assert that the fighting was so bloody and determined a contest.

In Torreon the fighting is said to be from house to house, whereas Gomez Palacio had to be taken by storm after three assaults, in the course of which men went down by the hundreds.

Mail Clerk Accused  
Of \$20,000 Theft

HARRISBURG, Pa., March 31.—Raymond, aged 30, a mail clerk in the railroad mail service, was arrested today charged with having stolen \$20,000 from the mails. It is alleged that two packages, each containing \$10,000 in currency, were taken from the mails July 5, 1912. Postal detectives have been at work on the case ever since.

Stratton Will Seek to  
Succeed Late Judge Hall

SAN FRANCISCO, March 31.—Frederick S. Stratton of 1717 Harrison street, Oakland, who served as collector of port at San Francisco for thirteen years, announced today that he would be a candidate for justice of the district court of appeal, to succeed Samuel P. Hall of Oakland, who dropped dead last year.

Stratton is a Republican and served two terms in the State Senate. He is a law partner of United States Circuit Court W. W. Morrow before his federal appointment, and is now a member of the San Francisco law firm of Stratton, Kaufman & Torchiana.

Stratton at his office this afternoon stated that he had virtually decided on his candidacy for the appellate bench position when friends recently called upon

to succeed Joseph R. Knowland as congressman, in view of Knowland's fight for the Senate seat.

"I told these friends," he said, "that I did not aspire to a legislative place, but rather to a judicial one, and said that my leaning was toward the vacancy caused by the death of Judge Hall."

**OAKLAND MAN WINS IN  
FIRST LEGAL SKIRMISH**

SAN FRANCISCO, March 31.—John L. Bohannon, an Oakland specialist, achieved a temporary victory in the battle against the State Board of Medical Examiners through a decision in the District Court of Appeals today. For seventeen years Bohannon has been practicing in this state. In 1911 the Medical Board brought about the passage of an amendment to the State law, allowing practitioners, operating longer than 15 years, and 15 years of that time in this state, to take an examination. If they passed they were to be allowed to practice as specialists. Bohannon fulfilled the time requirements and claims to have qualified in the examination, but was not given a certificate. He brought suit. Superior Judge Sturtevant sustained the demurrer of the medical board.

Today the court reversed the decision of Judge Sturtevant, ordering him to overrule the demurrer and try the case.

The contention is that the law allowing examination to take place, and providing that certain men who are not subject to discipline are practicing, is unconstitutional.

Path may be all right in its place, but it may not enable a man to deliver the goods on schedule time.

**Novel Method Adopted

NEW YORK, March 31.—New York society is trimming hats. The most artistic charity entertainment of the Lenten season in New York is the Sunday Kindergarten hat-trimming contest, which is being held at the house of Mrs. Henry L. Burnett, the wife of General Burnett and sister of T. S. Sufferin, a noted whip.

This charity was devised by the Rev. C. W. Delton Nichols who is well-known as the Governor General of the Colonial Cavaliers and as the author of the list of 489 "ultra-fashionables" of America.

Mrs. Newton Adams, who lately left Newport life to take a place in a department store, acts as umpire in the contest, in which a number of well-known society women trim hats for benefit of charity.

The first prize is a portrait of the winner to be done by Punchy Stunnie, the second is an Easter hat made by a Fifth Avenue milliner given by Mrs. A. N. Bretting.

There are 200 hats to be trimmed and these will be given to tenement house girls in art history schools on the lower east side.

Mrs. George Kump and Mrs. George Gould, Princess Troubadour, of the hat-trimming. Among the patrons of the charity are Mrs. John E. Drexel, Mrs. George Gould, Princess Troubadour, and Miss Daphne Pitts-Gould. Mrs. E. S. Hoyt is a sister of ex-Senator Clark of Montana. Another of the hat-trimmers is Mrs. Henry Stuart Fleming, who was Caroline Peirson and the third is Mrs. S. D. Seymour.

Unemployed Army Placed in Jail for Camping on River Bed.

LOS ANGELES, March 31.—When they saw a platoon of twenty-five policemen coming down upon their camp in the river bed, ninety-two members of the army of unemployed arrested themselves today, and all the police officers had to do was to bring up the rear. Singing the "March Song" and "There'll Be a Hot Time," the army formed into two lines and, leaving their baggage strewed over the camp, marched to the East Side police station. From there they were transferred to Central Police Jail, where they were entered and charged with having violated the city ordinance prohibiting camping in the dry river bed.

On this point "Major" Buck, who deposed "General" Morris Rose, and assumed command of a charge of vagrants, declared he would make a fight. The river bed camp was chosen for the unemployed by Charles Sebastian, Chief of Police, and Buck declared the permit to camp there had never been revoked.

"We will have seven attorneys to defend us, and before we are through Los Angeles will be glad to give us work," he added.

**KELLY ON TRIAL**

SACRAMENTO, March 31.—The trial of William Kelly, charged with the murder of the army of the unemployed headed by William Kelly, was started before Township Justice Clarke today. A jury is being selected today in the case.

In his opening statement Chief Deputy District Attorney Chas. Jones declared that he would prove to a jury that Kelly was a vagrant and a man without visible means of support, who had drifted from one place to another without pursuing any occupation.

**CUSTOMS GUARDS  
CASE SUBMITTED**

SAN FRANCISCO, March 31.—The case of the ten customs guards and two Chinese merchants accused of opium smuggling, was submitted to the jury in Judge Dooling's court at 10:45 this morning. Counsel on both sides submitted the case without argument, which is something of a precedent in a criminal trial.

The court instructed the jurors that they must return a verdict of not guilty on the first count of the indictment, which charges conspiracy. He also directed them to acquit one of the guards, W. H. Brennan, against whom counsel for the government admitted there was no evidence.

One of the accused men is Sue Hoo Fung, one of the most prominent merchants in the Chinese quarter. All were arrested August 17, following the taking office of Collector of the Port J. O. Davis. Four guards and one Chinese have already pleaded guilty. The defendants were represented by Attorney Bert Schiesinger, John L. McNab and Timothy Healy. United States Attorney Preston and his assistant, Thomas H. Selva, and Walter Buchanan, appeared for the government.

## NET CONTAINER LAW IS COMING

New Statute Goes Into Effect Tomorrow: Produce Men Affected.

The net container law goes into effect tomorrow. The law was passed by the state legislature in 1913, and a year was allowed manufacturers, jobbers and retailers for changing labels, but while some manufacturers have arranged to label their packages with the net quantity of the contents, the new statute, it is said, has been overlooked by many.

Goods coming into California from the East and from foreign countries do not bear the designation required by the net container act, and the wholesale or retail merchant handling them here will have to mark them with a rubber stamp or otherwise, stating the net weight, measure or

of weights and measures will place responsibility on the dealer in whose possession the goods are found. The law applies only to foodstuffs and commodities intended to be eaten or drunk by human beings, those used solely for medicinal purposes being excepted. Its purpose is to protect purchasers against deception as to the quantity or amount of the commodity purchased.

Some produce men are using the words "net packed" in an eight statement on their butter cartons. It is held by the weights and measures bureau that these words are not permitted by the law, under which only the words "net contents" or "net weight" or "net measure" or "net count" with the correct figures, are to appear on a label.

The words "when packed" are used, it is said, to suggest, if subsequently the weight of the butter contents is found to be below that stated on the label, that full weight was given when the package was prepared. There is no need, as well as no authority, for these words, it is stated, as the net container act provides that due allowance shall be made for unavoidable leakage, shrinkage, evaporation, waste or causes beyond the control of the seller acting in good faith.

Other labels already printed, and which the bureau of weights and measures take exception to, are those to be affixed to so-called quart, pint and half-pint bottles, stating that the contents are a certain number of ounces "or over" or "under" this number to that number of ounces.

Such statements of the contents are uncertain, it is pointed out, while the law requires an exact statement, and they would permit deception. So-called quart bottles do not hold a full quart, there being five of them to a gallon instead of four. A quart is equivalent to 32 ounces, and if a less number of ounces were shown by the label the purchaser would understand that he was not getting a full quart, but if the words "or over" were added to the number on the label he would be left in doubt.

Grocers and other dealers who put up packages on orders will have to mark them with a statement of the net contents before delivery, the weights and measures bureau states, although this need not be done when the purchaser calls at a store and the packages are made up and delivered to them there.

Milk cans and bottles are among the containers which will have to be labeled. The bureau finds that the practice of giving short measure in the sale of milk is widespread, and scores of cans have been confiscated already because of not holding as much as represented.

## AGED MAN FIGHTS BURGLAR IN HOME

SAN FRANCISCO, March 31.—Adolph Hirschman, senior member of the Jewish firm of Hirschman & Co., 239 Grant avenue, engaged in a rough and tumble fight last night with a burglar in his home, 2505 Broadway.

After a brief struggle the burglar broke away and escaped, with a box containing \$500 worth of Mrs. Hirschman's jewelry.

The thief evidently had acquainted himself with the Hirschman home. He entered by a rear second-story window directly to Mrs. Hirschman's bedroom. Hirschman, who had been out for a walk, returned to the house at 9:30 o'clock and was on his way to his room when he saw the man through the open door. The other members of the household, however, had not heard the burglar.

Although advanced in years the Jeweler put up a hard fight with the younger man.

## CIVIL GOVERNMENT BEGINS IN PANAMA

Will Go Into Effect Automatically in Pursuance With Proclamation.

WASHINGTON, March 31.—The Panama canal enters upon another phase of progress tomorrow when civil government will be established on Uncle Sam's tenuous strip from ocean to ocean. Colonel George W. Goethals, who as chief engineer during construction of the big ditch has been autocrat of its administration, is to be civil governor. Ever since the United States undertook building of the zone, it has been technically under military rule. A commission form of government had actual administration authority, but practically all the commissions were military officers. The Panama canal law approved August 24, 1912—the exemption from tolls clause of which is now under consideration in Congress—makes the President the real ruler of Panama, through a governor and such other persons as he may elect. The President has told Goethals that he is to have a free hand in his administration, which is taken to mean that the civil government will have nearly 2500 jobs at his disposal. There is no civil service on the canal either.

In his new job Goethals' foremost duty is to make the canal ready for use. He was given the place because it has been his ambition when the canal was completed and the engineering and construction forces had done with their work, that he might actually have some hand in the starting of commerce through the waterway. Of course, the task of rearranging the administration in the zone is an enormous one, but that of drilling making the canal a success will from the start to finish be greater. On his recent visit here the Colonel made it plain that he intends to go slowly in rearranging the zone government. By law all executive orders and regulations will be continued in force after tomorrow, so that the ditch from a commission to a one-man government will be accomplished with no apparent wrench.

### SPECULATE UPON PLANS.

Speculation was rife here today as to whether Goethals' plans to continue the semi-socialistic paternalistic scheme of caring for canal employees under the new government. Heretofore the employee was furnished by the government with a residence; he was sold food supplies at cost, given free medical attendance and free schools, while every effort was made to encourage establishment of churches and recreation buildings. Needless to say, there were no taxes at all. Goethals thinks the canal will be in running order by July 1—that is, it will be constructively complete. But the chief engineer wants his operating force, the men who handle the giant force, the towing locomotives and other delicate machinery to be thoroughly drilled in their respective jobs before the canal is thrown open to the commerce of the world. That may mean several months.

### SENTENCED TO FIVE YEARS.

PHILADELPHIA, Pa., March 31.—Samuel Tate, 80 years old, a notorious counterfeiter, who has spent nearly 20 years in prison, pleaded guilty yesterday to passing counterfeit half dollars, and was sentenced to five years in the federal prison at Atlanta.

## SAY TURPENTINE IS OFTEN DILUTED

The Department of Agriculture Issues Warning to Druggists and Dealers.

WASHINGTON, March 31.—Discovery of alleged widespread adulteration of turpentine with mineral oils, caused the department of agriculture to warn druggists and manufacturers of pharmaceutical products and grocers' sundries used for medicinal and veterinary purposes to exercise special caution in purchasing turpentine to see that it is free from adulteration. The warning was issued as the result of a recent investigation into the subject by the department. It has been discovered also, it is alleged, that turpentine sold to the country stores, especially, usually put out by dealers and manufacturers of grocers' sundries, is often from 4 to 10 per cent short in volume. Dealers are advised to protect themselves through a guarantee from the wholesaler that the receptacle contains the full declared volume. The department asserts that turpentine may be adulterated in the south where vast masses of it are further it gets away from there, the more extensively it is adulterated.

## TO MANUFACTURE IN HOUSE OF CORRECTION

CHICAGO, March 31.—The House of Correction will be transformed from a prison to a manufacturing plant, turning out goods for the city and county government, if a recommendation by the efficiency division of the city service commission today is followed.

The earnings of the 2300 inmates, under the unique plan, will go directly to their families and be deposited in their names and turned over to them when they are released. The sale of convict labor to private contractors was condemned by the investigators, who found that labor which sold for 25 cents a day was worth 37 cents a day to the city.

### SINGS FOR PHONOGRAPH.

NEW YORK, March 31.—Miss Margaret W. Wilson, eldest daughter of the President and Mrs. Wilson, arrived from Washington last night to sing for phonograph records. Whether the records will be distributed generally could not be ascertained today.

## The Quickest, Simplest Cough Remedy

Easily and Cheaply Made at Home. Saves You \$2.

This plan makes a pint of cough syrup enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually cures an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchial asthma.

Mix one pint of granulated sugar with 1/2 pint of water, boil for 10 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract and is rich in quinine and other natural healing elements. Other preparations will not work in this combination.

The recent results from this mixture have convinced us of its value. It cures whooping cough, croup, and bronchitis, which explains why the plan has been imitated often, but never successfully. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., P. O. Box 100, New York, N. Y.

## GIRL BITTEN BY VICIOUS CANINE

Physician Obligated to Make 7 Stitches in Order to Close Wound.

Ethel Vinnerbald, 7 years of age, was bitten by a vicious dog on Colby street, in North Oakland, today and had to be cared for at her home, 6023 Colby street, by Dr. J. J. Kergan. Dr. Kergan was forced to take seven stitches to close the wound.

The little girl, who is the daughter of Ethel Vinnerbald, declares that the dog that bit her was the property of Mrs. Richard Kolb, 372 Sixty-first street. Mrs. Kolb admitted to the police that she had been out walking but declared that she had had the dog in leash. She says she had seen a little girl standing on the corner and holding her arm.

Charles Larkin, aged 6, and William Donkity, aged 3, 6219 Colby street, both declared that Mrs. Kolb's dog was the one that bit the child. Dr. Kergan asked that the dog be shot, but pending further investigation and in view of the denial made by Mrs. Kolb the police are holding the dog under observation. It is possible that it will be necessary to give the child the Pasteur treatment as a precaution.

## FORTUNE IS PAID FOR RARE APPLE GREEN VASE

NEW YORK, March 31.—Richard Bennington, 31, of Philadelphia, has acquired twenty-five superb pieces of Chinese porcelain for \$300,000. They are the collections of Richard Bennington and George R. Davies of London. The most important of the twenty-five pieces just acquired by Bennington is an apple green beaker formed vase, for which he paid \$100,000. It is twenty-nine inches high. On one side is the dragon in splendid yellow, watching the sacred pearl, and on the other it is portrayed in aubergine.

BRYAN TIES OF GRAPE JUICE. WASHINGTON, March 31.—Secretary of State Bryan has been again so deluged with the juice that the very name now makes him physically ill. It is whispered. This desertion was emphasized last night at the dinner given in his honor by former Governor of Missouri and Mrs. Folk.

## OFFICER IS ACCUSED; WOMAN PREFERS CHARGE

SAN FRANCISCO, March 31.—Deputy Constable Casaday of Portland arrested last night by the local police after Mrs. Henry A. Sanborn had accused him of trying to extort \$200 from her, spent an anxious hour explaining to District Attorney Fickert that his action was a result of the fact that the State of Oregon's fund for reclamation purposes had been exhausted.

Casaday yesterday was accused of getting his way, and his release carried with it that of Henry A. Sanborn, a clerk, 22 years old, who had been held at the city prison since March 17 on charges that he was wanted in Portland for a felony. Casaday came here from Oregon to take Sanborn back, and according to Mrs. Sanborn's statement, offered for \$200 to destroy the extradition papers and release her husband.

## MINING ENGINEER ASKS \$50,000 COMPENSATION

William C. Perishaker, a mining engineer of Oakland, has begun suit for \$50,000 against the P. B. Steffer Mining Company. Perishaker claims that he signed a contract to examine and report on the Steffer mine, near Coutelle, June 1912, and that he was to receive \$5,000. The work he claims to have done there and that the engineer's work he did was well worth the money he was to receive. He has never been paid for his work.

### No Tolls 'Subsidy,' Says Wilson.

In his own defense President Wilson declares the "no-tolls" clause of the Panama canal act a "subsidy" provision and asserts that the Baltimore platform declared against ship subsidies, direct or indirect. He also reiterates a former statement that the policy of allowing American coastwise vessels to pass through the canal free was not the result of Democratic action, but of a coalition of Republicans and Democrats, hence it is not good Democratic doctrine.

This last expression may be properly designated as "begging the question" and is even more remarkable than the first. The executive might be forgiven for hair-splitting as a matter of political expediency on many matters, but in the light of the national importance this question carries it sounds petty. All this, too, in the face of the fact that many of his utterances have led people to believe that he was by no means a narrow partisan, but working for the interests of the whole people.

We fail to see how the "no-tolls" provision can be regarded as a subsidy except by applying a construction so elastic as to be erroneous. An American ship bringing freight through the canal stands on an equal footing with a foreign ship, in the matter of paying tolls for passage. In such instances the foreigner has far and away the advantage, for many foreign ships are subsidized and the United States vessel competing is at a disadvantage proportionate with the amount the alien vessel receives from its home government. The law-makers planned to give the coastwise ship an advantage to which it is properly entitled and to aid in this manner the reduction of transcontinental freight rates and incidentally help the merchant marine to the extent of restoring the flag on ships in its domestic trade. The canal belongs to the United States, was constructed by the United States on land acquired through legitimate purchase from a sovereign nation competent to sell, at great expense. The United States owns it in fee simple and if the nation's warships are entitled to passage without payment of tolls, surely the nation's vessels engaged in domestic trade only are also so entitled.

It is noted that among the arguments advanced by friends of Mr. Wilson in Congress and elsewhere is this, that free tolls for American coastwise vessels will benefit the "shipping trust." We fail to see this, in the light of the numerous announcements of the formation of so many independent lines for canal trade between the Pacific Coast and the Atlantic seaboard and Gulf States, and the fact that all ships engaged in coastwise trade must be divorced from the great combines. But on the other hand we can see a favoring of the "railroad trust," for the added tolls for which Mr. Wilson contends will enable the railroads—especially the Canadian Pacific—to collect greater revenues by holding rates high enough to equal such tolls per ton, whereas the free provision would mean the reverse.

One of the Stockton papers announces the start of alfalfa cutting this week. And "away back yonder" the boys are waiting for the frost to come out of the ground so they can begin blowing.

### Baby Show in Alameda.

One of the features of the Moose carnival, which begins in Alameda this evening is a baby show, entries for which close Thursday evening, the display of infant prodigies having been set for Friday. Many fond mothers are listing their dimpled darlings for first place and the contest promises to be unusually interesting, for east bay babies are noted for their plumpness, pleasantness and general pulchritude.

Baby shows are good things for committees. There ought to be more of them and why not is a mystery. We have apple shows, orange shows, flower shows, cattle shows, horse shows, dog shows and cat shows galore, but precious few baby shows.

The baby is humanity's hope and he ought to be exhibited whenever there is opportunity. The gurgling occupant of the cradle of today will be the statesman, the doctor, the teacher, the minister of tomorrow. It is at the baby show we get the real glimpse into the future.

A baby show is a stimulation, an incentive to matrimony. Husky young men look at the splendid specimens on display and resolve to get married just for the pleasure of having as fine a baby as any there. Girls go in ecstasies and look forward to the time when they will be mothers to just such dear little creatures. The old folks look back at the time when their grown-ups were just as these and compare them with their own grandchildren.

The baby is the real thing. He is the pride of his parents and the joy of his aunts and uncles. He is loved by the neighbors and attracts attention at the hands of the total stranger. Lots of men will repulse a stray dog and reject the advances of persons with whom they are unacquainted, but the baby walks straight into the heart and establishes a citadel. The baby is heaven's messenger and bond. He is the link between the eternity of the past and the immortality of the future. He is the glory of Pa, the happiness of Ma, and who wouldn't have him?

The Moose are to be congratulated on this feature of the carnival and may the baby show prove a greater success than ever its progenitors have dreamed.

### English Miners Go on Strike.

Great Britain is surely having troubles of her own these days. With the Home Rule bill precipitating a cabinet crisis, the premier deciding to take the army portfolio, the army itself in a semi-revolt over the Ulster situation and many other difficulties confronting its statesmen, a new element has been added by 35,000 Yorkshire coal miners going on strike and 35,000 more announcing they will lay down their tools Thursday. A long and protracted struggle is promised and ere a settlement shall have been reached there is little doubt that grave complications and possible violence will have resulted.

However, Great Britain is not alone. Japan has a naval scandal that has resulted in the resignation of its cabinet and consequent complications, the peace of Germany is disturbed because of conduct by Russia and in our own United States the Mexican situation and the canal toll matter have given us plenty to think about. Happily for us we have no great labor problem, such as has been precipitated by the English miners to contend with, but there is enough on hand to keep the powers that be busy for some time. More especially is this fact forced home when we recall the possibility of six weeks' debate on the canal bill in the Senate.

### THE FEDERAL LEAGUE

St. Louis Globe-Democrat.

### Campaign for New Game Law.

It is proposed by the People's Fish and Game Association to amend the State law through the initiative so as to permit the hunter or fisherman to market his product. The plan includes a reduction in the limit of certain game birds and by a system of tagging to prevent any hunter from selling more than two deer each year. When the license is issued the recipient will be given two tags, one for each deer and without this tag the carcass cannot be disposed of. Other limitations are made for the protection of fish and game that are apparently sound.

Of course there will be opposition by sportsman hunters. But it is doubtful if the market hunter will deplete the supply of fish and game to any greater extent than under present conditions. There is another element worth considering also. There are hundreds and thousands in this State who never taste trout or venison because they cannot afford the time and expense incident to a trip in quest of either. Under the proposed new law they might be enabled to gratify a longing occasionally.

That the present fish and game law is unsatisfactory and unfair in many respects has long been conceded. Among its defects may be taken the section relating to the quahog clam. The limit of catchable size is thirteen inches in circumference. Smaller ones must not be taken. Aside from the fact that the larger ones are the least edible there is the fact that the larger clam is really the producing clam and one of these big ones deposits thousands and thousands of spawn, whereas the smaller ones are not breeders. The quahog is a thing of beauty and a joy, raw, steamed, in chowder or in fritters and the eastern coast States are protecting it by a system of preserving the breeding sizes. But in California the little fellow is protected. Following a high tide thousands of these small varieties are washed high and dry on the beach. It is a crime to take them, so unless the philanthropic observer devotes his time to tossing them back in the ocean they lie in the sun until dead to furnish a feast for shore birds. The big clam seldom washes ashore far enough to prevent his return. This is not intended as a dissertation on clams, but merely as one illustration of defect in game law.

On the face of it the new plan looks good and if properly presented will doubtless carry, as people generally have become imbued with the idea that the sportsman hunter and fisher is the real "game hog," whether this conclusion be right or wrong.

The Federation of Women's Clubs east of Lake Merritt has decided to appeal to the legislature for funds with which to purchase the home of the late Joaquin Miller on the "Hights" and make it a State reservation. This appears to be an excellent idea and would perpetuate the name of the late "Poet of the Sierras" in a fitting manner. The clubs propose to name the reservation "The Joaquin Miller Park," which would at once identify it with the memory of the gifted man who founded the place and made it his home.

Santa Cruz is preparing for the erection of a municipal wharf, the contract having been let and material shipping started. It is planned to build out in deep water far enough to accommodate the largest coastwise ships. Watsonville's new wharf which when completed was seized by a receiver owing to mismanagement, has been sold and will doubtless be put in commission. With landing places on Monterey Bay at Santa Cruz, Watsonville, Moss Landing and Monterey, shippers in the territory adjacent will doubtless take advantage of water rates in sending their products to cities on San Francisco Bay.

Visalia having held five wet and dry elections in three years is preparing for the sixth. If Visalia is not careful it will get a record for intemperance in elections.

### Twenty Years Ago Today

A gross rehearsal was produced at the hall by a number of young ladies of the Methodist Church. The singing of the pretty operetta was good and the piece well produced by the following principals: Miss Grace Carroll, Miss Gertrude Gage, Miss Mabel Huxley, Miss Kate Kimball, Miss Edna Elmer, Miss Nellie Hickey, Miss Lotta Clough, Miss Estelle Carpenter, Miss Maude Clough and Miss Florence Schister.

A very pleasant wedding took place at the residence of the bride in this city when John F. Tennis, one of the most esteemed attaches of the composing room of THE TRIBUNE, was united to Miss Catherine H. Rowe. A fine wedding breakfast followed the ceremony.

An auction party was given at the residence of Mr. and Mrs. J. J. Jones, at which time a number of valuable pieces of furniture, including a fine piano, were sold. The proceeds of the sale were for the benefit of the Methodist Church.

The course of "Practical Talks to Young People on the Serious Choice of Vocation in Life," which will be given on successive Sunday evenings in the Unitarian Church, by Col. John P. Irish, W. H. Mills, Daniel T. Jones, President Keyes and other speakers, which confined the address by Rev. C. W. Wendt on "Certain Fundamental Requirements for Any Calling in Life."

Mr. and Mrs. R. S. Leckie gave a large part at the quaint East Oakland home of theirs, in honor of Mr. and Mrs. Johnson, who have been guests of the Leckies for some time.

A farewell reception was tendered Miss Harriet Hosmer by the Starr King Fraternity. "I called on you thirty years ago," said a gentleman to her at the meeting. "You did," said Miss Hosmer; "well, call me thirty years from now, and I shall remember you," and such a speech from a woman of sixty-five.

### MODERN DIANAS

The day when the woman in the woods was regarded as overstepping the prerogative of her sex and having entered a domain sacred to mankind has passed forever. More and more our wives, sisters and even our mothers are discovering, if not all the pleasures of the pathless woods, at least the joy of a solitaire in them.

We are glad to see, therefore, not only a growing realization, but a growing interest in the subject of camping life for women. We have an idea that woman herself cannot gain much knowledge of what to do or what to wear by reading her fashion magazines, but the great outdoor firms are coming bravely to her rescue in providing for her use suitable apparel, and for her comfort the multitudinous little accessories that add nothing to weight, but mightily to comfort.

With the mysteries of feminine apparel, we are content to let the dealers deal. The lady who turns to them will find it in her heart to disgrace my man's—Forest and Stream.

### BELATED SPRING TIME

"Now the joys of the road are chiefly yet somehow adhesive plaster and A touch of crimson on the hardwood strophes to the 'woolly tendril on the trees' are not exactly congruous.

About every spring and fall some typewriter athlete comes along and tells us all about the beauties of a walk in the country—only he is likely to call it "the open."

He is safe in quoting ample authorities from art, science, literature, materia medica, Erin go bragh or anything else he happens to feel like, and nobody will deny the truth of his assertion.

It may not take all the romance of such an outing to be compelled later to fly to the corner drug store and buy up the available supply of adhesive plaster, and yet somehow adhesive plaster and strophes to the "woolly tendril on the vine" are not exactly congruous.

Following the Roman pattern West to the sinking sun or East where you get your feet wet is a scarcely solemn thought—in theory.

But why not also a walk in town? Why isn't the man in the street just as full of human interest as a blue cow or a green hill far away? Why isn't an office building, teeming with activity, just as rich material for a poem as somebody's tumble-down barn?

We all like the simple life—with all the modern conveniences added thereto.—New York Post.

### REED FURNITURE

CALIFORNIA'S brilliant climate, its year-round summer, makes the use of Reed Furniture both desirable and essential to the sensible furnishing of the home.

We display complete sets for the Living-Room, Breakfast-Room, Porch or Sun Parlor, of hand-made, fine, Imported German Reed in our special designs. It may be stained or enameled to suit, the tables provided with wood or reed tops and the seating pieces fitted with cushions in desirable fabrics.

The Store That Undersells

# Overwhelming Values in Easter Merchandise

## EASTER HATS Tomorrow, the 1st Day of April--'Market Day' EASTER SUITS

### Unmatchable Values

In our Millinery Department we present for your approval one of the best assortments of popular millinery styles it has ever been our good fortune to show. Bewitching Easter Bonnets, smart Sailors, stylish Turbans, popular Panamas—these and many other fetching styles greet you in bewildering variety. We can confidently say that every type of hat is here, from popular neop brads at \$2.49 up to bewitching models at \$25.00. Style is paramount. Extravagance is absent. Value giving is the keynote.

### Smart Hemp Braid Hats, Special \$2.49

All the season's best shades are shown in jaunty trimmed Hats in small effects, narrow brims, olong and boat shaped styles, and many other styles, trimmed with ribbon, moire and taffeta, and pom poms, ostrich fancies, and dainty small flowers.

### Dressy Easter Hats \$5.95

Amazing Values at \$5.95. You will wonder how we can sell these Hats at \$5.95, so smart and chic are the styles offered. Made of excellent Milan hemp straws, now so popular, and trimmed with stick-ups of ribbon in moire and tiny nosegays of French flowers, wheat, etc.; some fashionable black Hats with ribbon and jet ornaments.

### Enchanting Models at \$10 to \$25

Trimmed Hats of charm and rare beauty, and at their prices they are distinctly lower than you can buy similar qualities for elsewhere in Oakland. Trimmings are beautiful ostrich, gourd, and paradise feathers; also with rich gold lace.

### Panamas, the Hats of the Hour \$1.49

A low price indeed on jaunty Panamas destined for great popularity this Summer. For women and misses, four different styles, in the new roll or Group effect. These are the bleached Panamas of superior quality.

### Hat Shapes at Sensationally Low Prices

All the fashionable Shapes of the season are represented in this splendid collection, and materials and colors are the most popular to be had. Notable are Milan and hemp braids, and the new moire hemp shapes, in styles that embrace the very popular bandeau, Watteau, and shepherdess styles, in colors of gold, tango, purple, French blue, wine sage green, also the fashionable black. Sailors, olong Turbans and poke effects are prominent in the same colors. Prices are \$1.95, \$2.25, \$3.50 up to \$5.50.

### Dainty Hats for Children Only \$1.29

**55c** Values to 85c yard, 27-inch Flouncings of fine lawn with edges beautifully finished; scroll, eyelet and conventional new designs.

### Greatest Values in Oakland

A Hale Suit represents authentic style in the best of material and workmanship that the manufacturer could embody in Suits to sell at these prices. Elsewhere Suits we sell at \$19.50 would retail for \$25.00; \$22.50 Suits would be marked fully \$30.00, and our \$25.00 values would be offered for \$35.00. The Hale policy is to mark every Suit at a bedrock price. It is not how much can we get for a Suit, but how low can we sell it. We ask you to satisfy yourselves on these points by carefully examining the Suits at Hale's—manship, lining and quality of fabrics, workmanship, lining and quality of fabrics, appearance—and comparing them with values elsewhere for similar prices. If you will do this you will make a beaten track to Hale's for Oakland's supreme Suit values.

Our Suits are in all the favored materials in the best colorings—tango, the new blues, vivid greens, mahogany, violet, pig skin and a host of other tones. Most Suits are lined with Goetz linings, noted for wear. Skirts are peg top and modestly draped.

Hale's Prices, \$19.50, \$22.50, \$25

### Easter Waists at Popular Prices

New and dainty white Waists so necessary with your Easter Suit are here, made of batiste or voile, and trimmed with dainty lace insertions, featuring Dutch necks or sailor collar effects. You would expect to pay fully one-quarter more than our prices—95c, \$1.25, \$1.45.

### Easter Petticoats Only \$1.95

A new collection of Petticoats of fresh silk messaline, marked \$1.00 less than the price they were made to retail for. Consequently these are doubly attractive values. The most desirable colors are represented—tango, wistaria, Nelrose, Copenhagen, navy, pig skin and others.

### Confirmation Dresses Very Low Priced

Beautiful new white Dresses in all this season's most charming styles. Assortments are now complete and unbroken, offering the very best time to purchase. Prices are \$1.95, \$2.95, \$3.95, \$5.00 and \$6.75.

MODERATION IN  
WHITE SLAVE  
PENALTYJudge Dooling Indicates Need  
of Discretion in Penalizing  
Those Convicted.

That the spirit and the intent of the  
Mann white slave act rather than the  
letter should be taken into consideration  
by judges in pronouncing sentence was  
indicated yesterday by Judge Maurice T.  
Dooling of the United States District  
court. The judge said that while the  
law must be observed the severest pen-  
alty should be visited on those trans-  
porting girls from State to State for  
prostitution.

marks may have a direct bearing on  
the fate of Parker Whitney, millionaire  
ranch man of Rocklin, who is to go  
for trial before Judge Dooling shortly.  
It is also predicted in legal circles that  
the court will deal leniently with Dr.  
Carlson H. Keneba, a candy girl, who is  
to be sentenced Thursday. Dr. Keneba  
was convicted of transporting Myrtle  
Kellert, a former actress, from California  
to Portland, Ore.

WILL DRAW DISTINCTIONS.  
The remarks of the judge were  
made in the case of the case of  
Nicholas Landy, former jeweler of  
Providence, R. I., who pleaded guilty to  
prostitution. Judge Dooling said that  
Landy is 28 years old, Miss Harris 27. Judge  
Dooling suspended sentence till tomorrow  
for the case of the case of the case of  
Judge Dooling. "But in the imposi-  
tion of penalties a distinction will be  
made by this court between the two  
classes of offenders, those who violate  
the letter of the law without any intent  
to profit commercially, and those who  
offend against the law for commercial  
purposes. Those who violate the law  
for profit will be dealt with more severely  
than those who break the law with women  
of mature age without intending to  
exploit the women commercially."

Later in his chambers Judge Dooling  
explained his views further:

MUST USE DISCRETION.  
"I wish my position thoroughly un-  
derstood," he said, "I don't want the  
wrong impression to go out that the  
law is greatly agitated over the Mann  
white slave act at present. I feel that  
the court must use its own discretion  
in penalizing those convicted of the of-  
fense."

"Men are convicted on a general  
theory. But men guilty of trafficking  
for gain must be dealt with severely  
than a man who runs away with a  
woman for a lark. A woman of age and  
experience knows what she is doing. It  
is different with a girl who is in-  
nocent and young and does not un-  
derstand men or the world. The court  
must take this into consideration and  
draw the distinction in accordance with  
circumstances."

MARE ISLAND YARD  
KEPT VERY BUSY

Machinists and Helpers Badly  
Needed for Department  
Work.

MARE ISLAND YARD, March 31.—  
Cards were issued by the Hull Depart-  
ment officers for fifteen laborers today  
and the Machinery Division officials  
called for machinists who are badly  
needed in shop No. 2. There is a scar-  
city of machinists and helpers at the  
yard, according to Commandant  
F. M. Bennett, U. S. N., of the local  
naval station.

CRUISER BUFFALO, Commander Mont-  
gomery M. Taylor, U. S. N., command-  
ing, arrived off the Mare Island light-  
house yesterday afternoon from San Di-  
ego where she has just completed her  
annual target practice com-  
pany with the battleship.

The Buffalo is to leave Mare Island  
on May 1 and will proceed to Sitka,  
where some repairs are to be able to the  
naval yard.

JUPITER WILL BE USED.  
The big Mare Island built cutter Ju-  
piter is to be used as a lumber carrier  
on her coming voyage to the Norfolk,  
Va., naval station on the east coast this  
spring. Orders have been issued for the  
cutter to proceed as soon as possible  
to California City where the coal in two  
of her hatches will be unloaded and  
space made for 350,000 feet of California  
redwood and Oregon pine.

The Jupiter will probably get away  
in 15, but will not leave San Francisco  
for the east coast until at least a week  
later.

MANNING REPAIRED.  
The repairs on the revenue cutter  
Manning were completed yesterday and  
the vessel will sail tomorrow for the  
lower bay where she will take on  
stores. The cutter Bear, which is to  
accompany the Manning north is due to  
arrive here early next month to have  
some alterations made to her radio set.

TRANSFERS ARE ORDERED.  
Orders were received yesterday to  
transfer two marine sergeants and twenty-  
five marines to the cutter Bear.

WILL BE OVERHAULED.  
Lightship No. 75 was given a berth  
at the yard wharf this morning. It  
will take at least a month to give  
the lightship a thorough overhauling.

COURTMARTIAL PAPERS.  
It was announced today that the pa-

TODAY'S THE DAY: 'PLAY BALL'

Early Bird of Spring Coyle Peeps Forth and Chirps

Flock Ready for Full-Voiced Symphony in Three Cities

(By BILLY FITZ.)

O. there's many a team that looks sweet in the spring. And figures the class of them all. But it don't mean a thing. Where they stand in the spring. It's: Where will they be in the fall?

Custom decrees that annually the baseball scribbles must fall for forecasting what will happen in the ensuing seven months. Experience has shown that all signs fall in baseball; dope books constitute a snare and a delusion, and none realizes it better than the unfortunate scribbler who keeps them. If the prognosticator could stave off public demand until along about in July, or better still, in September, he might escape with a reputation that wasn't shot full of holes. As it is, he goes down in history as a prophet who was given to "pump steers."

Wherefore we won't make any predictions on this opening day of the fifteenth annual race of the Pacific Coast League, further than to opine that since the Oakland club couldn't possible finish any further down than it did last year, it should finish higher up.—(Q. E. D.)

THREE-TEAM RACE

Two years ago Oakland won the pennant in the coast race the Coast League ever knew, the result not being known until up to the final game. That year Oakland, Venice and Los Angeles made a three-team race of the league. Portland and Sacramento entered last year's race with greatly strengthened teams and finished one-two, very much as they figured to do. The Oakland club, which figured to repeat its victory of two years before, arrived with a rush, with a series of misfortunes, blew it with a bang in June and finished a supple loser.

Los Angeles, which looked all over a winner in mid-season, found the race too hard and crashed open also, finishing in the same class with the Oaks.

The Seals, always a hard team to "dope," closed strong and showed that they would have been a mighty dangerous team had they been given a high-class pitching staff in the beginning of the year. The Seals would have come close to winning the pennant last year if they started with the same team they had at the close.

HOW THEY LOOK

This year all of the Coast League magnates have made frantic efforts to strengthen their clubs and have been only partially successful. On paper most of them look to have improved, but they cannot be accurately judged by training season games. Here is the way the teams are doped now:

Oakland—Best catching staff in league; pitching staff uncertain; infield weak on defense. Outfield won't be beaten. No clean-up hitter and no sluggers, but five dangerous hitters following each other in line-up. Speed will be the big factor with Oakland and will make up for the absence of heavy artillery. Devil working hard on a scoring combination and ignoring all else. Managerial effectiveness should be factor with Oaks.

HOW SEALS SHAPE UP

Despite the success of the team against the White Sox, Del Howard's San Francisco club looks weaker than last year. The absence of O'Leary, Jimmy Johnston and McAvail will be severely felt. The Seals are without a first baseman or center fielder and have been disappointed in their efforts to land material for these important jobs. Lefield, Baum and Fanning represent the only three really dependable pitchers. Scouting on a strong probability. If the Seals land two good pitchers, a first baseman and center fielder, as they hope to do in another month, they will be right up at the top.

WOLVES ARE WEAKER

Harry Wolverton's Sacramento Club, which played the steadiest ball of any all last season, and finished second to Portland, has been weakened by the defection of Second Base-

man Kenworthy and the disruption of the pitching staff. Williams was drafted by Detroit which has not yet sent anyone in his place. Lively was released; likewise Kinsella, while Munsell has a broken finger and can't start. That leaves Kinsella, Stroud and Arellanes as the nucleus of the Wolf pitching crew, with little likely material outside of the club. The young Kramer, the Oakland rookie, The Wolves lacked a clean-up hitter last year and have not landed one. Kinsella and Cutcher give a wise slow backstop, and look better from Oakland and Hannah from the Northwest. Fans dispute the wisdom of releasing Ellis.

THE ANGEL CLUB. Henry Berry's Los Angeles track-brokers have been improved without a question and figure to be a dangerous team. Berry drew largely on the Washington-Americans for players and outfield talent. The addition of Harry Wolters, the former Yankee star, has rounded out the outfield to top strength. Catching crew very strong. Kinsell infield definitely and in hitting strength. Tom Hughes, Slim Love, Pat McHenry and Barton, all fine pitching recruits. Chech, Ryan, Peritt and Crabbe are the veterans. Angels figure to be team to beat.

VENICE SAME AS EVER. Happy Hogan is always the same. He has another collection of ante-diluvian misfits who will look like jokes until the autumn sun looses up rusty horses and "bum" arms, and then the Tigers will begin to yell and throw seven kinds of fits into the camps of the opposition. Two venerable writers, "Doc" White of Chicago and Jack Powell, who has seen 15 years of service, represent the class of the Venice fling crew, with Roy Hitt, Henry, Klepper, Deannier, Harkness, as veterans and Chelle and Fichary as recruits. Bill Leonard, with Oakland last year, may be a star with Venice but things will have to break right for him. Venice has the same outfield. "Rube" Borton replaces Patterson.

MCREDIE TEAM UNCERTAIN

Portland is weaker than last year, but just how much few scribbles are predicting. Bobby Davis, a 200 hitter, comes to short and Art Kores is moved to third place in place of Bill Lindsay. Derrick after being fired six times this winter, retains his job at first. Berry is no longer with the catching crew. Fisher being slated to do all the work. Buddy Ryan, Doane, Spears and Lober for a heavy hitting outfield, but Chadbourne had the class and will be missed. Weakness lies with pitchers. James and Haxerman and Krupp are among the missing. All green hands in their places.

'Handsome' Jack Koettiers Gets Life

CHICAGO, March 31.—John B. Koettiers was found guilty of murdering Mrs. Emma Kraft of Cincinnati and his punishment fixed at life imprisonment in a verdict rendered by a jury here today. CHINESE INDIGNANT

Merchants Deny Imputations of Fraud in Importation Invoices.

SAN FRANCISCO, March 31.—Chinatown was in an upheaval today as the result of what its wealthy merchants claim was an imputation against the character of their business transactions by reason of the making public of an investigation conducted by the government into importations from China.

It was learned that Assistant United States Attorney General Barnes had been here from New York quietly investigating the alleged undervaluation of importations in order to avoid heavy customs tolls. It was charged that two invoices were sent by Chinese agents and buyers, dispatching one with the real valuation to the merchants and sending another to be produced for the purposes of the customs duty.

ALLEGED GREAT LOSSES

It was said today that the government had learned of the alleged deception through Chinese merchants at different times using the invoice privately sent them instead of the one accompanying the shipment and filed at Hongkong or the other shipping ports. It is alleged that \$100,000 yearly has been lost by Uncle Sam through the process.

Today not only did the Chinese deny the imputation, but it was repudiated by their brokers, who handle enormous shipments through the custom house and their reputations are above reproach in the mercantile world.

That the department of justice had but little evidence to work upon is the fact that Barnes has promised the Chinese Chamber of Commerce that the government will call it quits if the abuse is corrected. If it continues on the other hand, he has promised to rake up alleged falsifications covering a period of twenty years.

STOP DUPLICATE INVOICES. Members of the Chinese Chamber of Commerce admitted that mistakes might be made, but that as a body they were innocent, that the government should insist upon correct valuations at the point of shipment and that prosecutions of individuals should be made here on the arrival of the goods. They promised to instruct their buyers and agents that the proposition of duplicate invoices bearing different figures must cease.

When Barnes left here for Washington three weeks ago it was agreed that the matter should be dropped and that everything should be conducted according to the regulations.

WOULD LEAVE CHURCH FREE HAND

Inference Drawn From Report of Presbytery in First Presbyterian Problems.

That the Oakland Presbytery did not wish to dictate to the members of the First Presbyterian church of this city regarding its various problems was the conclusion derived from the report of the presbytery committee, which was read yesterday afternoon at a special meeting in the First Presbyterian church of this city. For the fourth time the presbytery vindicated Rev. Frank Lincoln Goodspeed, pastor of the church, who was alleged to have been the cause of parishioners withdrawing from the church because of various differences of opinion regarding matters pertaining to the building of the new church. Dr. Goodspeed acted as monitor at the session yesterday and Rev. George Eldredge, of St. John's Presbyterian church, and chairman of the presbytery committee, read the presbytery report upon the resolution in reference to the differences existing between the majority and the minority factions of the First Presbyterian church. It now rests with the dissatisfied members of that congregation to either aid in promoting harmony with the majority or to ask for their letters in the church.

COMMITTEE REPORTS FAILURE

The following report of the presbytery committee, which was presented by Dr. Eldredge, was adopted by the representatives of the presbytery and the members of the First Presbyterian church: "We have not been able to issue the matter which you put into our hands; nor can we honestly claim what we bring to you today is actually a report of progress. On the contrary, we feel that it must be styled 'a report of failure.'"

"We have done our best, but have found the situation beyond our power to solve, inasmuch as a state of affairs has emerged which has seemed to be a new situation, at least in so far as to make clear that nothing which we, as a committee, could do would effect the desired end; and we have therefore felt that the only thing we could do was to report the fact to the presbytery."

Upon the evening of the 25th of February your committee had a meeting with 17 of the men whose names had appeared upon the petition presented to the presbytery on February 10, and the overwhelming sentiment of those present at that meeting was that they did not desire separation at all from the First church of Oakland; that they wished to withdraw their petition. Though we recognized that the privilege of withdrawal of that petition, we did feel that we could do nothing other than recognize that desire for a withdrawal. We felt in fact, that in effect that chance of attitude of the petitioners virtually cut the ground from under our committee and made imperative a report which would be a mere recital of the circumstances.

SITUATION AT PRESENT

"We further felt that the report should be in the hands of the presbytery before the expiration of the time named in the resolution (March 21), at which time the situation would automatically become a matter of discipline in the session of the First church of Oakland."

The adoption of the report leaves the following portion of the resolution of the previous session in control of the situation: "In event of said persons petitioning to be formed into a new church, the session of said church is hereby requested to drop from the roll of membership the names of such persons so refusing, as it may deem necessary and wise for the peace of the church, in accordance with the rules of the church."

Hanging Scheduled For Every Friday In Month of April

SACRAMENTO, March 31.—Unless Governor Johnson should interfere there will be a hanging

more Governor Johnson has not been disposed to interfere with the law's course in capital punishment cases. Thomas Green, a cowboy, is scheduled to die April 3. He shot the cashier of a Riverside county bank and he and another cowboy were holding it up. The execution of Jerry Allen is set for April 10. He murdered his wife at Williams because she was an inmate of a questionable resort and refused to leave the life. Nan Chin is to hang April 17. He quarreled with a fellow Chinese, ambushed and shot the latter dead in San Joaquin county. Louis Dundy's death is fixed for April 24. Dundy is the youth who killed a bar employee as a drug store messenger to get money with which to buy his sweetheart a Christmas present.

MOR TAKES MAN FROM JAIL

Victim Accused of Cutting Throat of His Wife

Lynchers Overpower Son of Jailer, Firing Four Shots

SANTA FE N. M., March 31.—Twenty masked men at 1 o'clock took Adolfo Padilla, charged with murdering his wife, from the Santa Fe county jail here, and taking him to the nearest street corner, inflicted fatal wounds with knives. The party overpowered Jailer Thomas Closson, son of Sheriff Charles Closson, on guard at the jail, and taking his keys opened the door and dragged him out. Four shots were fired. The lynchers quietly dispersed, leaving Padilla all but dead in the street. Relatives of his wife, Mrs. Refugia Bena de Padilla, found her lying at the home of her mother, Mrs. Ramon Bena, last Saturday afternoon. Her throat had been slashed with a razor and both wrists cut.

NEGRO WOMAN HANGED

MUSKOGEE, Okla., March 31.—Marie Scott, a young woman, was hanged last night by driving a knife into his heart, was taken from the Wagoner county jail early today and hanged to a telephone pole. The mob, which was masked, overpowered the jailer, a one-armed man, dragged a rope over the woman's head and dragged her out of the jail.

A knock at the door aroused the sleeping jailer. A voice outside said an officer was here with prisoners. The jailer opened the door and faced twelve revolvers. He was bound quickly, his keys taken from him and he was thrown into a corner. The mob then pulled the screaming woman from her cell, tied a rope about her neck and dragged her to a telephone pole, a block from the jail. An hour later the sheriff cut down the body.

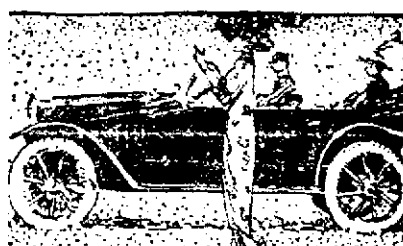

Marie Scott last Sunday morning stabbed Pease to death when he, with other young white men, had gone to the negro quarter of Wagoner. The county attorney started an investigation of the lynching within an hour after it happened.

## Enter Profession Are O.H.S. Grads

MISS ETTA DE LEON.

MISS LILLIAN WOLLITZ.

Two popular Oakland High School graduates with last January's class, Miss Etta De Leon and Miss Lillian Wollitz, will make their professional debut next Friday evening in the one-act farce, "Wanted—A Dog," written by Albert J. Cook, Oakland newspaperman.

Both Miss De Leon and Miss Wollitz were active in theatricals during their school career, as well as in society functions. Miss De Leon, who is the daughter of George De Leon, a Dawson city capitalist, played the title role in "The Sublimity of Geraldine," in which her co-star also had a leading part. Both girls assumed leading roles in "The Merveurs of Jane," Miss Wollitz, an attractive blonde, is the daughter of E. A. Wollitz, of this city. Miss De Leon is a charming brunette, with a pleasing stage presence.

The plot of the sketch which will be produced at the Broadway, promises a merry production. Emmeline Henderson, to be played by Miss De Leon, is a suffragette who, on the previous evening, discovered her younger sister, Helen, Miss Wollitz, in the act of eloping with Jimmy Dunn, Tallaferra, had advertised for a watch dog to keep the youth away. Finally Jimmy, in the guise of a big Newfoundland, is engaged, and the fun commences.

Friday night several hundred students and graduates of the high school will be present to give a reception to the two young actresses.

## CAPTAIN DAVENNY TO ADDRESS CLUB

Famous Authority Expected to Speak on Important Topics.

Captain Wilson I. Davenny, secretary of the national congress of rivers and harbors, famed authority on maritime commerce and noted expert on economics and transportation, will be the speaker at a meeting to be held at an early date by the Oakland Commercial Club. Secretary Joseph E. Caine of the club was in conference with Captain Davenny this morning and secured his promise to speak, the session to be arranged at once.

Whether the meeting will be a night session or a luncheon to be held in the clubrooms is not yet known, the date and date to be announced following plans to be laid by committees appointed today.

The meeting will be of extreme importance in that Captain Davenny is expected to make a number of important announcements bearing on coast traffic and particularly on Oakland's sea commerce. The Chamber of Commerce officials have been invited to assist in receiving the distinguished visitor and members of the club as well as other commercial organizations will be asked to attend and hear the address, which will be of importance to all commercial bodies alike.

Captain Davenny is now in San Francisco, where he will be heard by several commercial organizations on the west side of the bay.

## JEWELS VALUED AT \$1000 RECOVERED

RICHMOND, March 31.—After a search of two weeks in which the pawnshops of the bay cities were inspected, a closely guarded parcel of jewelry, valued at \$1000, was recovered from a pawnshop in Sacramento yesterday.

The parcel, which was recovered from the home of a prominent east side family about a month ago, as no warrant was issued for the suspected thief, the names were withheld from the public. The jewels had been sold for a few dollars. No prosecutions will follow.

### MOULTING? THEY LAY, NEVERTHELESS

#### Hayward Fowls Produce; Loss of Feathers Doesn't Bother Them.

HAYWARD, March 31.—Fine feathers make fine birds, also fine laying birds, but Hayward pullets in the moulting stage cackle "we should worry" and continue to lay all the time.

Mr. and Mrs. Charles Schieff, who have made a special study of poultry raising, say they have solved the problem of inducing poultry to lay eggs at a period when they don't want to, or hitherto have been unable. Chicken raisers are now clamoring for the secret which enables the Hayward pullets to continue laying "up to the scratch" at all times.

Schieff claims to be able to do this and to produce a barrel of eggs derived from eggs laid by his accommodating pullets during the "off season" when the rest of the chicken world is brooding in melancholy inactivity over the loss of its plumage.

"It's all a matter of scientific feeding," says Schieff, who has treated 1500 of his chickens with satisfactory results. While the usual time for hatching pullets is some time in March and April, his chickens hatched in November. Other poultry raisers are now clamoring for the secret which enables the Hayward pullets to continue laying "up to the scratch" at all times.

## 'GO-TO-CHURCH' IN COMMITTEE MEET

### Body Furthering Movement Adopts Recommendations for Campaign.

At a called meeting of the Go-to-Church committee, of which Rev. W. K. Townner is chairman, held last night, the committee submitted the following three recommendations, which were adopted:

First, to name Sunday, May 17, as the Go-to-Church day.

Second, that the Federation seek the co-operation of all the churches in the east bay cities, regardless of creed.

Third, that the matter of finance be referred to the finance committee of the Church Federation.

The campaign will not be subordinate to the Church Federation, but is designed to be a general movement, embracing all church denominations and faiths. At present the committee consists of Rev. W. K. Townner, chairman; Rev. F. L. Goodspeed, Rev. R. L. McHaffon and C. H. J. Truman. It was decided last night that the president of the Federation should act as a general secretary, making the committee a general one. It was brought out that the fund requisite for the conducting of this Go-to-Church campaign would not be large.

An evangelistic campaign to take place in the early fall was discussed, and Dr. White, chairman of the evangelistic committee, was instructed to get in touch with the Sunday school teachers, finding out if his services can be obtained. Many of those present favored the calling of the noted evangelist, if he could so arrange his dates. It was brought out that, owing to the "dry" campaign now being waged in this state Sunday might desire to get into the fight, and thus cancel or arrange his dates so that he could be in Oakland in October. If Sunday cannot be secured, some other able campaigner will be called to lead in a general non-sectarian revival.

### COMMERCIAL CLUB TO ENTERTAIN ROTARIANS

The Commercial Club is making plans for the reception and entertainment of the 300 Rotarians who will tomorrow visit Oakland under the auspices of the Oakland Rotary Club. These will include representatives from many Rotary Clubs not only on the Pacific Coast but from the East as well. They are visiting different bay cities and will spend the afternoon in Oakland. A number of features are being planned for the entertainment by the club, which will hold an informal reception at the clubrooms in their honor.

## Y.W.C.A. CAMPAIGN FOR FUNDS BEGUN

### Activities to Raise \$8500 for Current Expenses Launched by Workers.

With enthusiasm the campaign to raise \$8500 for current expenses of the Young Women's Christian Association, was launched yesterday by the association workers. The battle for funds will continue throughout this week and it is expected that the amount will be secured. The budget for this year is \$40,000 for current expenses. Of that \$0 per cent must be earned by means of the educational and industrial activities and 20 per cent is the stipulated portion to be raised.

The captains and lieutenants selected for the campaign are working under the leadership of Miss Grace Fisher, president of the association. They are as follows:

Mrs. Warren Olney Jr., president of the territorial board of association, captain; Mrs. F. F. Barbour, Miss Lily Cole, Mrs. B. T. Curtis, Mrs. Max Thoen, Mrs. A. K. Tunson, Mrs. James H. ## WIFE OF MISSING MAN NOW SEEKS DIVORCE

PORTLAND, Or., March 31.—Mrs. W. A. Gordon, wife of a grain exporter who disappeared from San Francisco February 15th and has not been heard from since, has begun a suit for divorce in the Circuit Court. The petition contains only general charges, charging cruelty and inhuman treatment. No settlement or disposition of property rights are involved.

The domestic troubles of the Gordons have been of long standing. Mrs. Gordon having left this city and made San Francisco his home about six months ago, leaving his wife and children in possession of the beautiful home on Myrtle street.

Mrs. Gordon alleges that another woman figures in the case, but gives no names.

LOVES CLASSICS

### HELEN FAKE.

Outdoor sports have fascinated pretty little Helen Fake, nine-year-old daughter of Mr. and Mrs. George Fake of this city, who is one of the popular girls of the Hawthorne school of Fruitvale. Although she is not eligible to join the athletic teams, she has enjoyed much

part in entertainments given by members of the juvenile set. She is a pianist and is a lover of classical music. At the annual spring concert to be given under the auspices of the School Women's Club of this city, the boys and girls of this city, will be among the patrons. All the children of the Oakland schools will be permitted to attend the recital, which is being planned for their benefit. The aim of the musicals is to awaken an appreciation for the old school mastedpieces.

Pupils in the graduating class of the Lincoln School, will sing a solo at the concert, which will probably be given in May. No date has as yet been set.

## Athletic Contests Being Planned in the Schools

Pupils of the Oakland public schools have been praised for their splendid ath-

acted in accordance with the rules and regulations of the Oakland schools athletic league. Prof. H. G. Pfund, supervisor of physical culture in the schools stated this morning that the children are attaining high standards under the compulsory athletic training is bringing excellent results," said Pfund. "Every grammar grade pupil who is physically fit now takes part in school athletics. The total eligible in these exercises is defined as meaning at least 80 per cent of boys as well as girls of the class en-

"The material aim of these contests, of course, is to bring out and develop the boys and girls in need of physical improvement, who usually least appreciate their needs.

"The exercises and prescribed standards are so arranged as to be within the reach of the majority after some practice. They are as a matter of course, subject to change from year to year.

"The progress and benefits derived from the organized system are far superior to the old individual system."

## FAIRY TALES ARE BIG PLAYGROUND FEATURE

Fairy tales continue to hold the attention of the little folks in the Oakland playgrounds, where the librarians of the branch libraries of the Oakland Public Library are successfully conducting a short story hour, once every month. Hundreds of boys and girls are enjoying the stories. The story-tellers co-operate with the branch libraries and the little folks are being encouraged to

In many of the branch libraries the short story hour hour is conducted every Saturday morning. The children attend regularly and closely follow the narratives, which hold their attention. The subjects vary from the historical to the imaginary tales.

WOMEN'S CLUBS  
IN CONVENTIONCalifornia Federation Opens  
Morning Session With Topics  
for Discussion.

WOODLAND, March 31.—The convention of the California Federation of Women's Clubs of the Northern District opened in this city this morning at 10 o'clock and will continue in session throughout Wednesday and Thursday.

The program for the morning and afternoon sessions today was as follows: Morning session—Open parliament, Mrs. A. M. Seymour, president. Topics for discussion—"Are Our Present District Boundaries Fair?" Miss Jennie McConnell and Mrs. George W. McCoy.

Afternoon session—Mrs. A. F. Jones, president, presiding. Mrs. Emily Hopkin, parliamentarian and timekeeper. Topics for discussion—"Home Economics," Mrs. H. B. Wilkins; "Home Economics," Mrs. Delia to Home Economics, Mrs. J. Jones; "Co-operation of the Northern District with the State Library for Better Library Service," Miss Susan Smith; "County Libraries," Miss Stella Huntington.

The evening session will open with a musical program, followed by an address of welcome by Mrs. Emily Hopkin, state vice-president, while Mrs. Jessica Lee Briggs will respond. Mrs. James W. Orr, state president, will deliver an address taking for her subject, "The Spirit of the Federation."

The attendance is much larger than anticipated, and on account of the local hotels being inadequate for the handling of the delegates, the Woodland Club members were obliged to throw open their homes. During the convention, speakers of note will be heard.

FOUND DEAD IN VACANT  
LOT, REVOLVER IN HAND

SAN FRANCISCO, March 31.—With a revolver light in his right hand and a bullet wound in the side of his head, Albert C. Toll, clad in smoking jacket and wearing a pair of slippers, was found dead in a vacant lot in back of the Howard House, 755 Howard street, at daylight. Toll had been employed at the Panama canal as a foreman, construction work and it is supposed he became dependent by reason of illness. He was apparently about 55 years old, and the police are endeavoring to learn his place of residence.

Carl Anderson, of the Standard Hotel, discovered the body. In the man's pocket were found letters and an identification card showing his name and occupation. There was also a \$10 greenback but no note or communication shedding light upon the tragedy.

TWO WOMEN ARE  
SHOT TO DEATHBoarder Found Wounded, Is  
Suspected of Committing  
Murder.

CHICAGO, March 31.—Mrs. Catherine Morris and Mrs. Sarah Sallans, life-long friends and neighbors in the crowded West Side, were shot to death while at work in their homes yesterday. Peter Walter, a neighborhood character and a boarder in the Sallans home, was hiding in a closet of his room, fatally injured from two bullet wounds. He is suspected by the police of the murders.

Walter was seen in the Morris home yesterday afternoon, according to W. A. Haggard, an undertaker. Mrs. Morris' husband was buried a week ago and Haggard called to collect his bill yesterday. Walter was found lying at the door, he said, and told him no one was at home.

The police believe Walter, who probably fatally wounded himself, attacked the two women while they were intoxicated. There was no evidence that he attempted robbery.

BABY SPEAKS LATIN:  
DOESN'T EAT CANDY

MADISON, Wis., March 31.—Dr. H. W. Wiley, pure food advocate, asserted yesterday that his 18-month old son speaks Latin as well as English. "The proper training for infants and young children," he said, "consists in pure food and good language. His greatest delight—from the standpoint of his father—is when he goes walking in Latin, which he much enjoys. 'Harvey W. Wiley II has never had any meat or poultry. He has never had any candy, sugar, ice cream, sweet cookies or other food of that kind. I need not add that he has never had tea, coffee, chocolate, beer, wine or whiskey. He is a perfectly developed boy, enjoys life immensely and calls his meals by the uniform name of dinner.'"

GET RESPIRELatest Appeal From Death Cell  
Is Heard by Governor  
Glynn.

NEW YORK, March 31.—"Dago Frank" Cirofici, "Lefty Louis" Rosenberg, "Gyp the Blood" Horowitz and "Whitely Lewis" Seldensher will not die in the electric chair at Sing Sing during the week of April 13 for killing Herman Rosenthal. They will be granted a respite by Governor Glynn until after the second trial of Police Lieutenant Charles Becker.

No doubt is entertained as to Governor Glynn's attitude on a petition for a commutation of sentence or a respite from the execution of the death sentence. While no direct announcement has come from the governor, it is regarded as certain that a commutation will be refused and a respite granted.

We've been a little wild, but we're no different from thousands of young fellows in New York, running round the streets; no better, no worse. The testimony against us is false."

## SENTENCED FOR MURDER.

The convicted gunmen, sentenced for the murder of gambler Edward Rosenthal, in the sensational case in which the greatest police scandal in New York was based, "Bald Jack" Rose, Harry Vallon, and a stranger, of shooting Rosenthal, and claim that all the evidence against them in their trial was perjury. The latest appeal for the convicted men was made public by the gunmen's attorneys.

"We're only just ordinary young fellows who were wild," declare the quartet. "We ran about a bit, and got in trouble. When Becker, the accused police sergeant, gained his respite on appeal we thought surely we would. We could not believe it when we were turned down."

The appeal of the four men, in default of a new trial, is to be heard by the court. "I write this in behalf of Frank Cirofici, Harry Horowitz and Jacob Seldensher and myself. No doubt you have heard so much about the four convicted murderers, murderers, ex-Police Lieutenant Becker and the four gunmen, that the public feels they are in possession of all the facts. We have stood in silence for a long while. All sorts of abuse and calumny was heaped upon us."

## "SAKE OF JUSTICE."

"For the sake of justice to ourselves and all who have confidence in us, we feel it our duty to make a statement. We hesitated about giving a statement, but now that the final court in the state has passed judgment upon us, and our only appeal is the greater court of honest public opinion, who we feel in the end will do justice."

"We have been a little wild, but we are not different from thousands of other young fellows running around New York city streets, and no worse. From the very time we were convicted by the lower court we felt confident that the verdict would be reversed, for we were positive the false, perjured testimony would not stand."

The fifteen months we spent in the Death House before we heard the verdict of the lower court was sustained as cheerful as could be under the circumstances. We were so confident of a reversal that we had our dear wives and families to have our clothes and homes prepared for the home-coming."

## NEWS OF VERDICT.

When the news of the verdict was brought to us we could not believe it, because we knew that Becker's verdict was reversed by the higher court. We had the same witnesses that testified against him at his trial had testified against us at our trial."

We have the records of our case, and now that we have the copy of the opinion handed down by the Court of Appeals, we cannot understand it. We are not lawyers, but such facts as these we cannot realize."

"In the Becker opinion the Court of Appeals states they do not believe Rose, Schepps, Webber and Vallon. Now, if the court do not believe Rose, Schepps, Webber and Vallon, where is the motive still?"

"The motive comes from the words of their very mouths. Now, in the opinion handed down by the court in our case, it states as follows: 'It is claimed by the prosecution that Becker's fear of Rosenthal led him to desire that Rosenthal be murdered and that he communicated his desire to us. It is further claimed that a protection racket and also the so-called gambling fraternity, Becker conspired with Rose, Webber and Vallon to employ men to murder Rosenthal, and that in pursuance of such conspiracy, the defendants were employed to commit the murder.'"

CROP PROSPECTS  
CAUSE WHEAT SAGWeak Cables Result in Lower  
Prices and Market Shades  
Lower.

CHICAGO, March 31.—Fine crop prospects and weak cables resulted in lower prices for wheat. The market opened a shade to 1/4¢ down and underwent a further sag. Absence of export demand kept the market heavy despite a big increase in the world's supply of 5,410,000 bushels.

Corn weakened on account of reports that as much as 12,000,000 bushels had been sold in the United States. Prices, after starting a shade higher, sagged to 1/4¢ below yesterday's closing. The close was weak, 1/4¢ to 1/2¢ in net lower.

In a market, the dollar in wheat, however, proved more resilient than for wheat and corn. First sales of spring wheat varied from 2 1/2¢ to 3 1/2¢. The market was a gain all around.

Close: Wheat—Mar. 1914, July, 56 1/2¢; Oct., 57 1/2¢; Nov., 58 1/2¢; Dec., 59 1/2¢; Jan., 60 1/2¢; Feb., 61 1/2¢; Mar., 62 1/2¢; Apr., 63 1/2¢; May, 64 1/2¢; June, 65 1/2¢; July, 66 1/2¢; Aug., 67 1/2¢; ### Travels Queenly Many in Retinue

When Fritz Scheff comes to town the stage on which she appears is quickly made to resemble something unlike a stage as far as that part of it which she makes personal use of is concerned. Over at the Orpheum one can find these days a splendid illustration of how a prima donna en route is able to make a bower of luxury out of what is ordinarily a dull and dreary section of scenery behind the curtains.

Fritz Scheff is in every truth the queen of the stage world and her retinue of servants and attendants see to it that she travels and is housed in queenly style.

Nothing like it was ever known in vaudeville, according to the stage manager, who gazed in open-mouthed surprise when he first was shown the plans for Miss Scheff's comfort and happiness on the stage in Oakland.

First it should be explained that the little Venetian prima donna is very far from being lonely while she travels. It is true that she appears as a "single" in the technical term used in vaudeville to indicate that a lady appears without chorus or support while doing her stage stunt. But because Miss Fritz Scheff is a single she is never alone even when she is a single when off the stage.

**HUSBAND IN RETINUE.**

Fritz Scheff is fond of company—if the company is of her own personal selection. First in her retinue is Mr. George Andersen, whose wife she is.

Then comes her manager and personal representative, then her electrician who has traveled with her for a dozen years; then her secretary, then her two maids; then her master of transportation, who says nothing of her chauffeur, who accompanies her on the stage and a few other persons of minor importance.

Decidedly Fritz Scheff is in no danger of becoming lonely while en route. Back of the scenes on the stage, if one is allowed to wander that far, one will find at the Orpheum this week a bower for Miss Scheff that is quite as luxuriously arranged as any lady's boudoir for Miss Scheff that is quite as luxuriously arranged as any lady's boudoir in a palace of Knob Hill or in Fleetwood district or anywhere else.

Fritz Scheff believes in being comfy. The dressing room is built for her to use and put upon the stage just like a little house. It is brilliantly lighted; it is hung with beautiful draperies and carpeted with beautiful rugs; it is warmed with an electric heater and ventilated with an electric fan. Some exquisite engravings hang on the walls, and there is a flash of rich silver and beautiful toilet accessories on the dressing table that stands in a corner of the dressing room.

**FIT FOR QUEEN.**

There is nothing in these toilet accessories that would be noticed by a queen—said queen being none other than Miss Scheff herself.

Upon the door of this little bower in miniature is an electric sign which blazes forth the word "Fritz" so that all who pass by are distinctly whatever in understanding that the particular section of the stage is reserved for the comfort and pleasure of the little Venetian lady.

Let anyone should draw the conclusion from the above bits of fact that Miss Scheff is exclusive or haughty or arrogant it should be said quickly and with emphasis that she is nothing of the sort—positively no.

If ever there was a thoroughly human being on earth one bubbling with the joy of life and very glad to mingle and enjoy the fun that comes with youthful things, that person is Miss Fritz Scheff.

**FULL OF FUN.**

Just by way of illustration, one would have to see her with one wife Edward, Gillette's monkey act is on, at the end of the show, to understand how Miss Scheff makes a big hit of fun. The little prima donna, gowned in Parisian street stuff, ready to leave the stage after her act, scarcely ever fails to stop for ten minutes and to walk through the wings the uproarious antics of Gillette's cunning and cunning monkey.

The smile that illumines Fritz Scheff's face as she watches these tricks, the simians how around on the stage is even sweeter and more delightful than the smile which Miss Scheff favors her audience while she is waiting for the theater footlights herself.

Monkeys, men, women, children and all the other things that go to make up the world in all its varied forms, these wear a smile or a laugh or a pleasant expression or something else that shows appreciation and interest from Fritz Scheff always—and that probably is one reason why any audience before whom she sings always bursts into applause the moment Fritz Scheff steps into the limelight.

Fritz is human and there is no getting around the fact that an audience does love human folks—and especially a human prima donna.

#### Exciting Fight for Contents of Can Decided by Court.

BREMERTON, Wash., March 31.—A tin can of money found buried on the beach near the Bremerton navy yard by some small boys several weeks ago belongs to John F. Doolittle, a Civil war veteran residing at the Port Orchard soldiers' home, Superior Judge French decided today. Several claimants appeared when the can, which was supposed to contain \$2000, was found, among them being Doolittle and Paymaster Edward R. Wilson of the armored cruiser South Dakota. Paymaster Wilson based his claim on the theft of \$2000 from the safe of the cruiser Philadelphia two years ago, asserting that the buried treasure must be part of the loot.

#### "California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the "cough" that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured or even killed.

If your child's stomach, liver and

### BEN TILLMAN NO LONGER FIRE EATER

#### Is Now Exponent of the Gentle and Progressive Art of Hygiene.

WASHINGTON, March 31.—"Pitchfork Ben" Tillman has become a senatorial Anacardius. He has abandoned the warlike strenuousness of the earlier days for the gentle art of hygiene and living right. Gone is the love of battle that gave the Senator from South Carolina a picturesque reputation ten years ago. "Old Ben Tillman," as he styles himself, now is the gentle "art of living right" as his main hobby.

The Senator told the Senate all about it the other day. He was discussing his resolution to prohibit smoking in the Senate chamber during executive sessions. Incidentally he made one of the best little sermons on clean living that has been heard before it. But it was a violent change from the Ben Tillman of yore, who used to breathe fire and adjectives worthy of a Roosevelt, to see the senator South Carolina sit quietly and calmly elucidate his platform of health.

"Since my illness four years ago," he said, "I have learned more about the human body than during the balance of my life put together and I am sure I have discovered some of the secrets of nature. The pity of it is I had to ruin my health before I discovered these things and learned how to live rationally. Had I lived ten years ago as I am doing now my health never would have broken down at all.

"I believe I could lengthen the life of every man in this chamber from six to seven years if I could only get them to believe what I tell them and follow my advice.

**WILL POWER AND HEALTH.**

"I owe what degree of recovery I have made—and I am constantly being told I look a great deal better, and I know it is so—to will power and self-control in nature. The will power, exercise my muscles and nerves sufficiently to give them tone and keep the rest out of the joints, and the greatest health help to my health arises from the self-control—which enables me to keep from eating things I ought not to.

"There is no doubt in my mind that the great mortality among Senators is due to the way we live in Washington. The life here is indeed an arduous one; the mental strain is immense. There is
